In all likelihood, the puppy owner's breeder has already encouraged the buyer to join the parent club, but it bears mention that an advisor might remind a contact person of this important decision. One clear benefit is the TNT which provides a valuable and ongoing education and enlightenment of our breed.

By signing below, I acknowledge that I have signed and abide by the current ABTC COE. I agree to have the information provided above listed on the ABTC's Website on their Breed Advisor Page. Should I wish to have my information removed, I simply send an email to ABTCBreederListing@gmail.com I understand that this is strictly voluntary, that I am not to answer any medical questions, and that I will represent my breed and my club in a positive manner.
